PROFESSIONAL SUMMARY

Frontend Developer with 3+ years of dedicated React.js / Next.js experience and 8+ years of overall UI development expertise. Specialized in building scalable SaaS platforms, multi-tenant dashboards, and high-performance web applications using React, Next.js, TypeScript, and Tailwind CSS. Delivered 20+ production websites for US, Australian, and Canadian clients across real estate, healthcare, e-commerce, and legal sectors. Strong command of RBAC architecture, SSR/SSG/ISR optimization, REST/JSON/XML API integration, and CMS customization (WordPress, Shopify, WooCommerce) — a strong technical foundation for CRM and CMS platform work, including HubSpot-style CMS/Hub customization. Active GitHub contributor with 17 public repositories at github.com/Annu-rai.

TECHNICAL SKILLS

Frontend: React.js, Next.js, TypeScript, JavaScript (ES6+), HTML5, CSS3

Styling & UI: Tailwind CSS, Bootstrap, CSS Flexbox/Grid, Responsive Design, Sass, SCSS

State & Data: Redux, React Context API, REST APIs, JSON, XML, Axios, Async/Await

Tools & Workflow: Git, GitHub (17 repos), VS Code, Figma, Adobe Illustrator, CorelDRAW, JIRA

Other: SQL, PHP, jQuery, Ajax, ADA/WCAG Accessibility, Cross-Browser Testing

WORK EXPERIENCE

Software Developer — Kaliper Technologies Pvt Ltd

Oct 2025 – Present

Lucknow, India | Product-Based SaaS Company | Remote

- Led frontend development of IMONET (Real Estate Management SaaS) and TRADEDEQ (Trading Analytics Dashboard) from architecture to deployment using Next.js, React.js, TypeScript, and Tailwind CSS
- Architected scalable, component-based UI systems reducing development time by 20% through reusable design patterns
- Designed and implemented RBAC dashboards for Owner, Tenant, and Property Manager roles with granular multi-level permission control — boosting user engagement by 30%
- Built dynamic KPI dashboards with real-time metrics visualization for trading and property analytics
- Developed secure authentication flows, protected routes, and efficient state management using React Context API
- Optimized frontend performance using SSR, SSG, and ISR strategies in Next.js — achieving 40% faster page load times
- Built multi-tenant branding system enabling per-client custom identity and theme configuration
- Integrated RESTful APIs, managed async data fetching, and led Git workflows using feature branches and pull requests
- Portfolio: annurai-portfolio.vercel.app

UI/UX Developer — CoStrategix

Jan 2024 – Sep 2025

Bengaluru, India | Web Development Agency | Remote

- Developed and maintained 20+ production WordPress websites for US, AU, and CA clients across healthcare, real estate, construction, and legal industries
- Designed responsive, ADA/WCAG-compliant interfaces using HTML5, CSS3, Bootstrap, and CSS Flexbox/Grid
- Optimized Core Web Vitals (LCP, CLS, FID) and page load performance across all client projects
- Delivered WooCommerce and Shopify e-commerce integrations with custom theme development and plugin configuration
- Conducted thorough cross-browser and device QA testing maintaining consistent UI/UX performance

UI/UX Developer — KwikCart.io

Sep 2022 – Jan 2024

Noida, India | Remote

- Built and maintained e-commerce web applications using HTML, CSS, Tailwind CSS, JavaScript, and jQuery
- Collaborated cross-functionally with PMs, designers, and developers to deliver targeted UI solutions
- Directed website updates and developed test routines ensuring cross-browser/device compatibility
- Evaluated code for industry standards compliance, valid structure, and browser/OS compatibility

UI Developer — Saffron Tech Pvt Ltd

Mar 2022 – Sep 2022

New Delhi, India | Hybrid

- Built user interfaces using HTML5, CSS3, JavaScript, Tailwind CSS, and jQuery across multiple client projects
- Developed e-commerce websites with responsive layouts; created HTML/CSS email templates
- Ensured cross-browser compatibility and clean, standards-compliant code delivery

Senior Associate Developer — Stelling Technology (RailYatri)

Aug 2020 – Mar 2022

Noida, India | Hybrid

- Processed and resolved stuck payment refunds using SQL queries and root-cause analysis
- Coordinated with payment gateways and merchants for seamless transaction resolution
- Compiled weekly refund reports for management; managed all chargeback cases end-to-end

WordPress Developer — Coach Builders India

Dec 2016 – Aug 2019

New Delhi, India | Remote

- Designed and built company website from scratch; managed maintenance, content updates, and weekly blog publishing

HTML Developer — Qudigit Technology

Aug 2016 – Feb 2018

Noida, India

- Designed HTML5 landing pages and WordPress themes using HTML5, CSS3, jQuery, Sass, and Bootstrap

KEY PROJECTS

IMONET — Real Estate Management SaaS Platform

Next.js · React.js · TypeScript · Tailwind CSS · REST APIs · RBAC

- Built role-based dashboards for property owners, tenants, and managers with granular multi-role RBAC access control
- Developed responsive UI components and REST API integrations for property listings, lease tracking, filtering, and pagination
- Implemented multi-tenant branding system and optimized rendering using Next.js SSR/SSG/ISR strategies

TRADEDEQ — Trading & Analytics Dashboard Platform

React.js · TypeScript · Tailwind CSS · Context API · REST APIs

- Built real-time KPI dashboard with dynamic widget system and responsive UI for market analytics
- Integrated APIs with async data fetching; implemented pagination, search, and filterable data tables
- Optimized rendering with memoization; built protected routes and scalable component architecture

Client Production Websites — 20+ Live International Sites

WordPress · Elementor · WooCommerce · Shopify · SEO · Core Web Vitals

- Delivered websites for Baker Bristol Pet Hospital, Seacliff Animal Hospital, Bryn Mawr Dental Care, Milestone Therapy Group, Brook Ellis Vet, Hynes Construction, MK Roofing & Siding, Swift Restoration, Adean Law, and Boyle Brothers Energy — with full Core Web Vitals, SEO, and responsive design optimization

EDUCATION

B.Tech — Electronics & Telecommunication Engineering

SRM University (SRMU) | 2014 | GPA: 3.0 / 4.0
